

# COMPANY PROFILE

SPECIALIZING IN ALL INDUSTRIAL FASTENERS

# Welcome to **Our Company**

At Ver-Bolt, we are dedicated to providing top-quality fasteners and exceptional service to meet all your needs. Whether you're in construction, manufacturing, or any industry that relies on fasteners, we've got you covered.

Our team of experts is here to assist you in finding the perfect fasteners for your unique requirements. We take pride in our extensive inventory, prompt deliveries, and competitive prices.

## **About**

We are a distributor of a wide range of high-quality fastening solutions, serving a diverse range of industries across Africa. With more than 40 years experience and remarkable success, we have established ourselves as a trusted name in the fasteners industry, known for our commitment to quality, innovation, and customer satisfaction.

# Our Company

## Company Founder

Trevor Nienaber was born on the 29th of February 1948. He grew up in Lusaka, Zambia. In 1965, he immigrated to South Africa to start an apprenticeship as a fitter and turner with Eskom. He always described those days as his humble beginnings, living in Room No. 6 of the single quarters at Klip Power Station, Redan, Vereeniging.

He worked at Eskom until 1972. Trevor then ventured into precast walls, became an estate agent, and served as a manager at a bolt and nut company. In 1980, he seized the opportunity to start a bolt and nut company with two partners. He sold his caravan for R5000-00, and Ver-Bolt was established. In the early nineties, he became the sole owner of Ver-Bolt.

Despite having dyslexia, Trevor Nienaber considered it his strength. In his business life, his word was his honour, and his business ethics were unquestionable. His favourite saying was, "If you talk the talk, make sure you walk the walk; if not, you will never be trusted."

Sadly, Trevor Nienaber passed away on the 10th of May 2022. His memories, leadership, and business ethics will live on at Ver-Bolt through the current management.
